

Collins Aerospace

Patria Netherlands is distributor and repair shop of Collins Aerospace fuel sensors.

We offer repair services for hydraulic servo's for a variety of Airbus helicopters. The servo's are returned to the OEM for repair, while Patria Netherlands offers an overhauled exchange pool unit from stock.

At parts.nl@patriagroup.com you can make your enquiries about servo's and the exchange pool.

Our Customer Support Office will get in touch with you.

For a repair enquiry please send an e-mail to customersupport.nl@patriagroup.com
